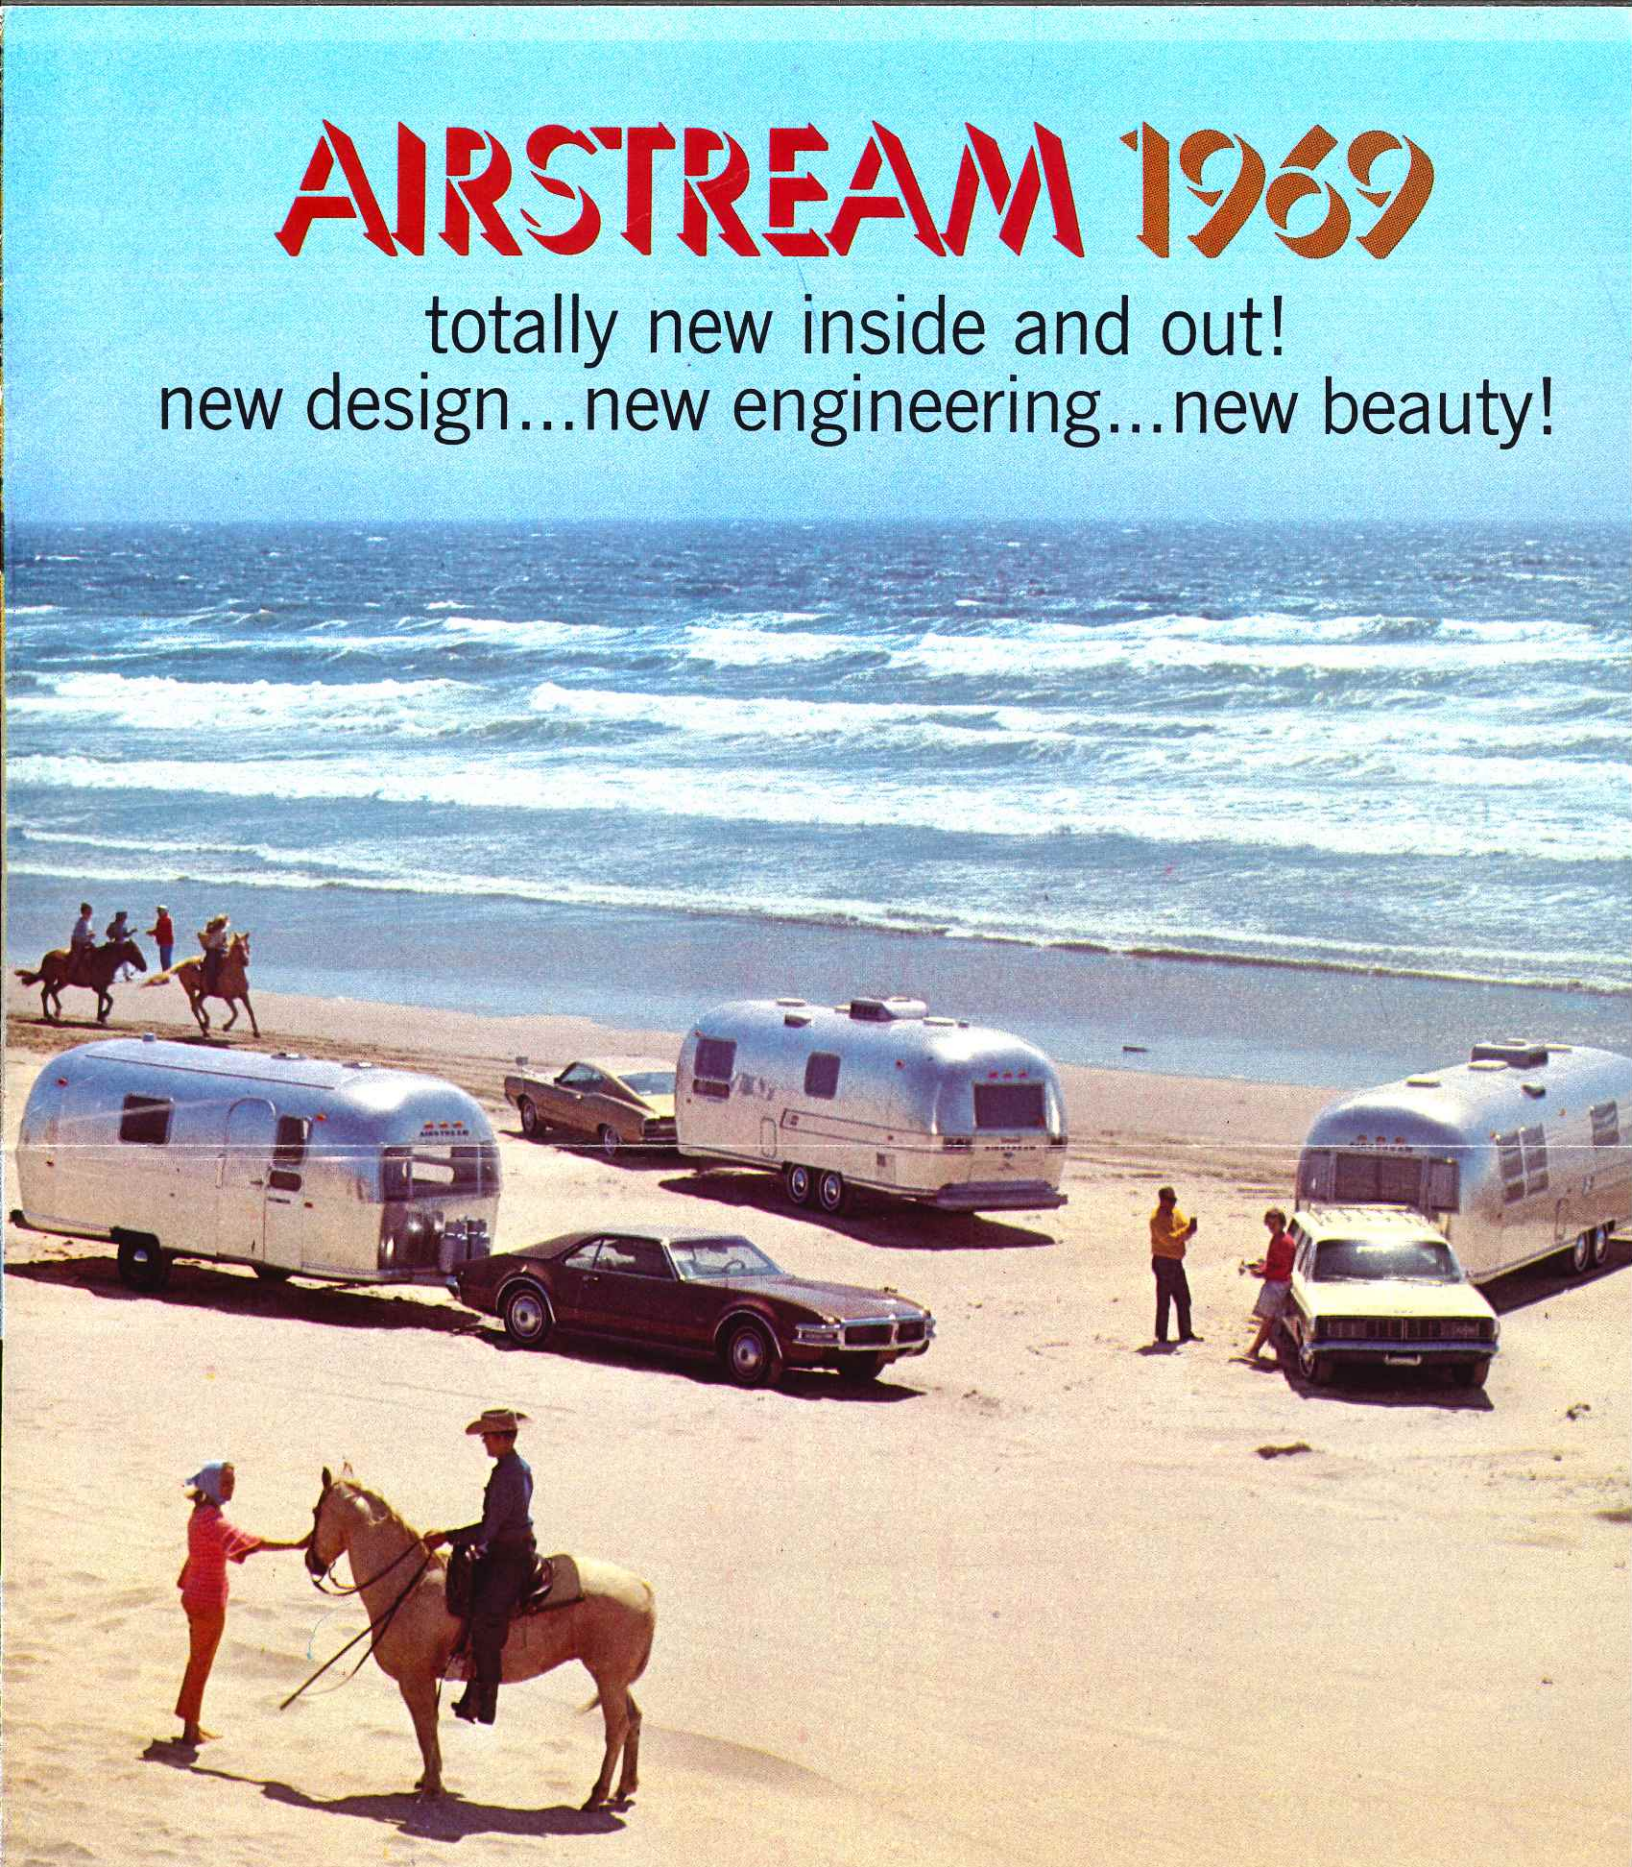
AIRSTREAM 1969

the greatest advance in travel trailering in 35 years!

AIRSTREAM 1969

totally new inside and out!
new design...new engineering...new beauty!



From every angle, the 1969 Airstream is the most dramatically new travel trailer in Airstream history. The sleek new shape is exciting, rhythmic, more streamlined than ever. The entire surface of the front and rear ends is gracefully rounded; the profile is gently curved. All windows, vents and trunk doors are contoured and flush to conform to the shape of the body. The result is a smooth aerodynamic configuration that's easier than ever to tow! The 1969 Airstream represents our first body change in nearly 10

AIRSTREAM 1969

look at these advanced new improvements that make trailering more luxurious, more convenient than ever!

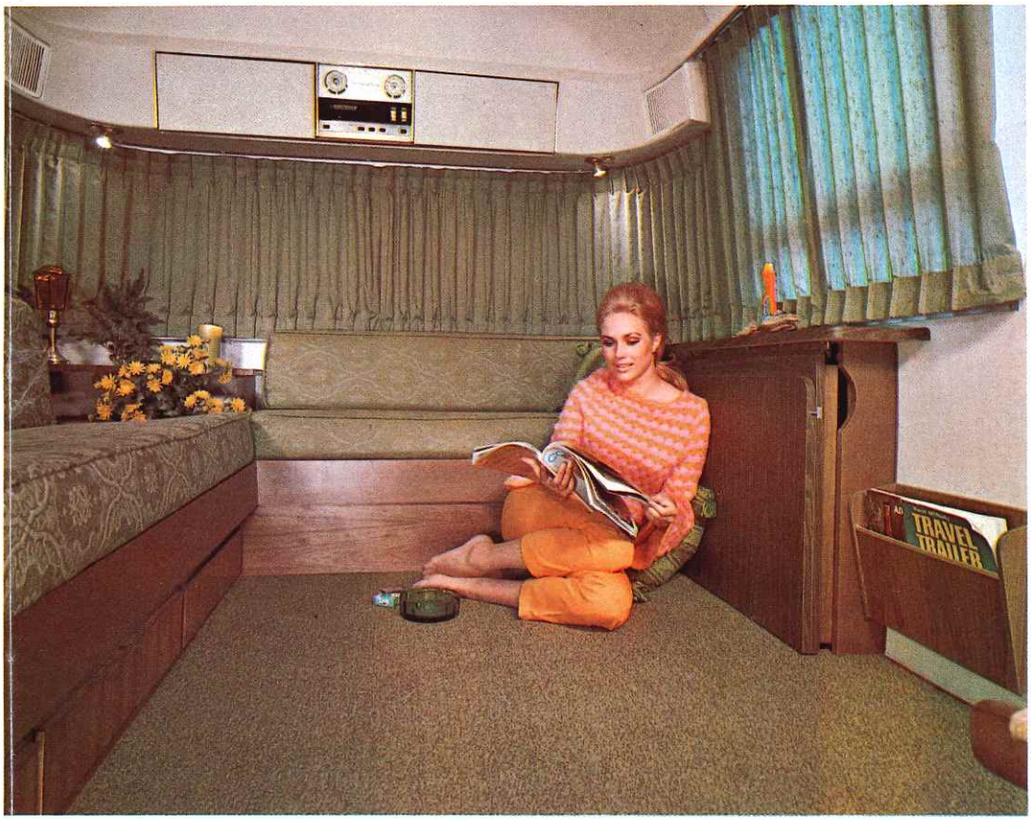
When you go Airstream, you go with new elegance, luxury and convenience never before known in a travel trailer. Around the country or around the world, you travel first class all the way. In 1969 Airstream is one foot longer, wider and roomier on the inside, yet no bigger than before on the outside! The new wrap-around front window dramatizes the glamorous living area and provides 80% more window area. Concealed in the interior dome is the Airstream Entertainment Center; includes a full stereo tape deck and AM/FM radio, clock and barometer. The improved Central Control Panel gives you every important utility reading at a single glance. New layouts in the galley and bedroom areas make more efficient use of space. The all-new Bel-Air bathroom is larger, more luxurious than ever before. The sculptured bathtub is roomier; the mirror runs the entire width of the rear wall; you can adjust it to your height and it features total illumination. Go Airstream in 1969 . . . you've never known such luxury . . . you've never known such prestige!

New Jet-Seal contoured windows are safety glass.

Full width adjustable mirror features full illumination.

Rich fabrics and fine woods enhance the elegant living area.

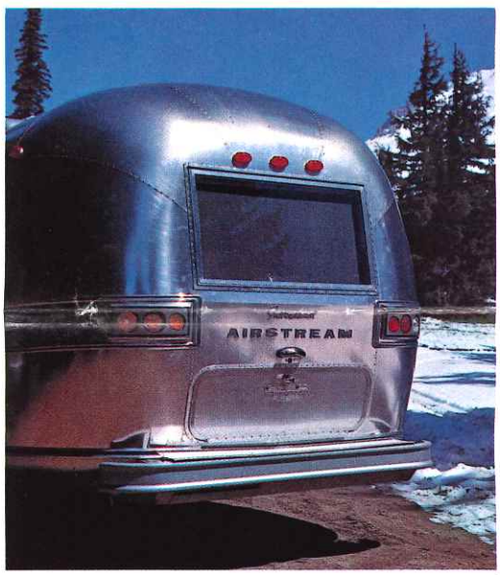
Rock-Guard shield protects new wrap-around window.



Herculon carpeting and cathedral curtains reach from wall to wall.

New bezels include back-up lights.

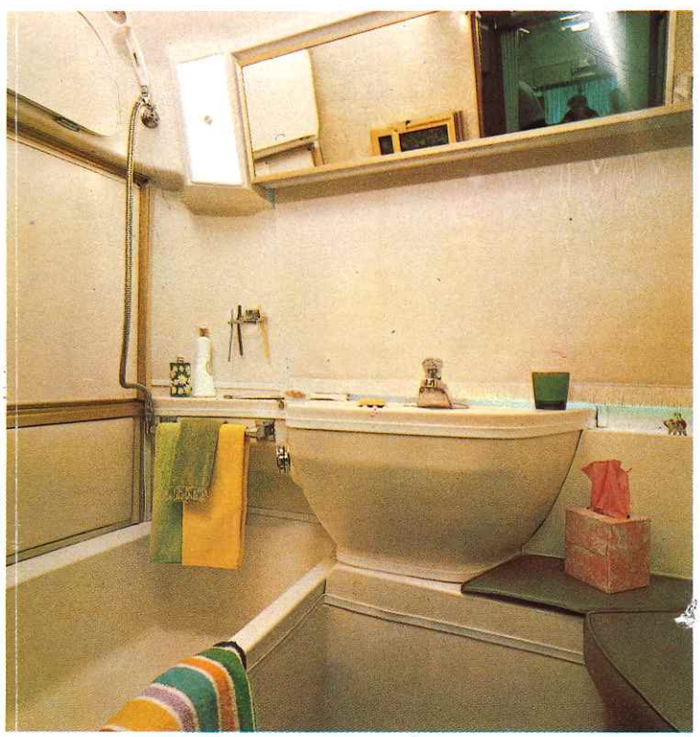
Improved Central Control Panel.



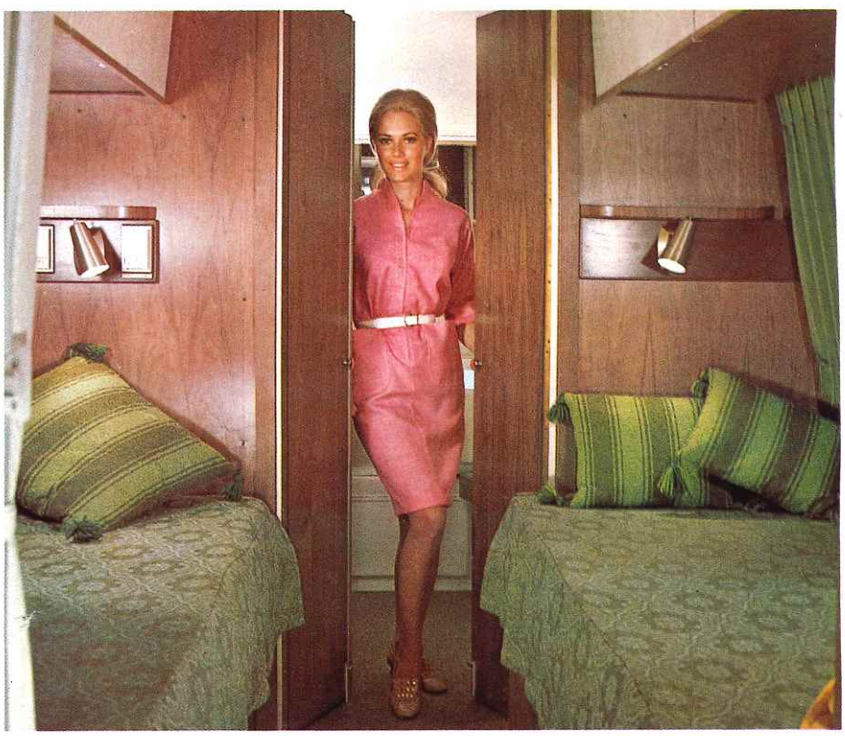
Rear window is larger; notice contoured trunk door.

Prepare gourmet meals in the magnificent new galley.

Credenza table seats six; disappears when not in use.



New Bel-Air bathroom is sheer elegance.



Regency doors separate bath from luxurious sleeping area.

AIRSTREAM 1969

See it...try it! Airstream for 1969...the only travel trailer that's totally new on the inside...totally new on the outside... totally new in travel pleasure!

Only a 1969 Airstream can make **all** your travel dreams come true. Only a 1969 Airstream offers you **all** the features and improvements that provide the ultimate in luxury and comfort anytime, anywhere. No other travel trailer in the world has achieved this degree of completeness. Plan now to trade up to the one travel trailer that's always years ahead in engineering, years ahead in travel pleasure. And don't forget the exclusive extra benefits that are a part of Airstream ownership: Fun and adventure through Wally Byam Caravans, Clubs and Rallies; Factory-approved service at 125 Certified Service Centers from coast to coast; Low-cost insurance through Caravanner Insurance; Certified Performance Check-Out that provides certified inspections and 1,000 mile check-up; Higher Resale Value; Lifetime Warranty; 'Live Now' Purchase Plan that lets you enjoy your Airstream right now for as little as 25% down and 5 years to pay at a preferred interest rate of only 4¾% per hundred dollars per year! Can any other travel trailer you've seen offer you more? Go Airstream in 1969 and live **now!**

standard specifications

Every Airstream is built to the same precise construction standards regardless of model or series. All Airstreams have 12 volt electric brakes on every wheel. All are completely self-contained . . . they have equipment necessary for extended stays away from light, water and sewer connections. The difference in the various series is in the degree of self-containment, amount of accessory equipment and quality of interior furnishings.

The Special Land Yacht Series, which includes the 18 foot Caravel and 21 foot Globe Trotter, will be introduced in late fall of 1968 and specifications on that series will be released at that time.

The Deluxe Land Yacht Series, in which the 23′ Safari, the 25′ Trade Wind and the 27′ Overlander are offered, comes equipped with an automatic water system (including Univolt marine water pump and 30 gallon polyethylene water tank); water level gauge; Univolt electrical system to provide power at all times to all interior lights and fans (in addition to the 110 volt wiring for convenience outlets); 12 volt battery; a battery charger with a protective voltage regulator; two 5 gallon gas bottles; combination electric/gas refrigerator; stainless steel galley sinks; 10 gallon gas water heater; attractive bedspreads for fixed beds; marine type toilet with spray flushing device to conserve water; a polyethylene holding tank to provide toilet convenience away from a sewer hook-up; and back-up lights.

The International Land Yacht Series is available in the 27 foot Overlander, 29 foot Ambassador and 31 foot Sovereign of the Road. This series represents the ultimate in travel completeness and luxury. In addition to all of the basic equipment that is included in the Deluxe Land Yacht Series, this series includes: Two 7 gallon gas bottles; an automatic switch-over valve; two 12 volt outlets; TV jack; deluxe central control panel (includes battery condition meter, ammeter, water pump indicator light, water level gauge, holding tank gauge, polarity light, battery operated clock and barometer); a large, adjustable no-draft translucent Astrodome vent; two sink covers with cutting boards; deluxe plumbing hardware, bedroom wall comfort cover; deluxe hub caps; and luxurious deep-pile, Herculon carpet in all areas including the bathroom.

- Patented Air-Flow contoured shape
- Exclusive Aero-Stress® high-strength steel undercarriage
- Molded steel bumper, welded to undercarriage
- Exclusive super Dura Torque® rubber torsion bar axles
- Shock absorbers on all wheels
- Tandem wheels on 25′ Trade Wind; 27′ Overlander; 29′ Ambassador and 31′ Sovereign of the Road
- 12-V electric brakes on all wheels — can be coordinated with foot brake pedal in car
- Automatic electric break-away switch
- 7:00 x 15 Truck-type extra strength wheels with nylon tubeless tires (8-ply on all single axles; 6-ply on tandem axles)
- Hand-riveted double-shell body of heat treated structural alloy aluminum
- Ribs of stretch-formed structural alloy aluminum
- Exterior protective acrylic coating
- Wear-resistant vinyl surface laminated to metal interior walls
- One-piece aluminum window frames riveted to body
- Exclusive contoured Jet-Seal awning-type safety glass windows
- Corrosion-proof screens in all windows
- Front window guard of transparent butyrate
- Insulated, unitized door and screen door
- Exclusive touch-control fold-away steel step, welded to frame
- Polished aluminum grab handle
- Trunk compartment with lock and insulated door
- Rear service area for storage of water line, 110-V power cord, 12-V battery, and septic tank valve
- Univolt convenience light in rear service area
- Awning rail
- Seamless, dustproof, high impact Styrene wheel housing covers
- Adjustable, no-draft aluminum roof vents
- 2¼ inch aircraft type fiberglass insulation
- Plastic grip on jack handle
- Weatherproof exterior 110-V outlet
- Detachable single plug weatherproof car-trailer connector (includes 12-V charge line)
- TV lead-in wire in shell
- Univolt service available at all roof vents
- Univolt ceiling exhaust fan in bathroom
- Built-in 110-V service line (25 feet)
- U.S.A.S.I. and D.O.H. Code-approved wiring system
- Interior 110-V convenience outlets
- Three-position Univolt interior lights (operate on 110-V or 12-V current)
- Oversized 90 ampere hour 12-V battery in vented case
- Battery charger with protective voltage regulator
- Battery operated clock
- Automatically resetting circuit breakers on Univolt and Univolt wiring system
- Overload safety fuse cartridges on Univolt wiring system
- Circuit breakers on 110-V wiring system
- Two bulb, corrosion-proof 180° visibility exterior clearance and running lights
- Back-up lights
- Exterior clearance and running lights and reflectors installed in conformance with the Federal Motor Vehicle Safety Standards
- High volume water pressure regulator in water inlet line
- Univolt marine water pump (capacity 3 gallons per minute)
- 30 Gallon polyethylene water tank
- Water level gauge
- U.S.A.S.I. and D.O.H. Code approved plumbing system
- Swing faucet at galley sinks
- Double stainless steel galley sinks
- Exclusive all-fiberglass Bel-Air bathroom
- Fiberglass bathtub
- Fiberglass lavatory
- Built-in medicine chest and adjustable mirror
- Imported water-saver "telephone" shower with shut-off valve
- Toilet hand spray flushing device
- Marine type toilet
- Polyethylene holding tank of approximately one week capacity
- Drainage drop-out cover cap
- Drainage drop-out elbow for connecting sewer hose
- Built-in sewer hose carrier
- All gas equipment U.L. or A.G.A. approved for use in travel trailers
- Double five gallon gas bottles with rack
- U.S.A.S.I. and D.O.H. Code approved gas system
- Sealed unit, side-vented gas space heater (input ratings: 23′ Safari, 25′ Trade Wind, 27′ Overlander, 22,500 B.T.U.; 29′ Ambassador, 31′ Sovereign of the Road, 30,000 B.T.U.)
- Automatic heater thermostat
- Built-in igniter for space heater
- Univolt blower and under-the-floor circulating ducts
- Gas/electric combination refrigerator: 5.5 cubic foot in 23′ Safari, 25′ Trade Wind and 27′ Overlander; 7 cubic foot in 29′ Ambassador and 31′ Sovereign of the Road
- Gas range with oven and broiler
- Range vent hood
- Ten gallon gas water heater
- Built-in igniter on gas water heater
- Genuine hardwood veneer furniture and cabinets (natural ash in Deluxe Land Yacht Series . . . American walnut in International Land Yacht Series)
- Lightweight, warp-free hollow core wardrobe doors
- Travel-sure locks on all roof locker doors and cabinet doors
- Drawers of lightweight molded high-impact Styrene
- Variable storage for all drawer areas (can be used for drawers, as shelves or as open storage)
- Silverware drawer
- Credenza fold-away table with built-in extension leaf (except in 23′ Safari Twin and 25′ Trade Wind Twin with pull-out table)
- Foam travel lounge in front, convertible to double bed (except in 23′ Safari Twin and 25′ Trade Wind Twin with twin lounge beds in front)
- 6″ foam mattresses with zippered covers
- All upholstery treated with SCOTCHGARD repeller to resist soiling
- All curtains fade resistant and pre-shrunk
- All curtains lined
- Decorator-styled, washable vinyl window shades at galley and bathroom windows
- Full-length mirror
- Regency hollow core bathroom door
- Bedroom vinyl folding door in 25′ double bed models and longer
- Vinyl floor tile
- Outside floor width . . . 7′ 8″
- Outside height from ground . . . 8′ 10″
- Inside height (floor to ceiling)
- Ground clearance . . . 16″ to underbelly, 12.24″ to axle tube
- Recommended hitch ball height . . . 19″ (17½″ in Caravel)
